Libro american speak out starter pdf

American Speakout follows a balanced approach to topics, language development and skills work. Talking activities are important, but not at the expense of other basic reading, writing and listening skills, which are developed in a systematic way throughout. Main features: authentic, the language of the real world, challenging the activities and recycling of language builds the trust of students in the context of understanding and communication. Video clips and interviews on the road to exhibit students to a wide range of languages and accents, helping them to acquire familiarity with English as we talk. Encourage course students to talk and write about their experiences to help them as you practice. Clear goals in each unit help students focus on what they intend to achieve so that they can see how they are improving. Speakout practices students to work in a collaborative way and the construction of communication capacity that are essential for studying and workplace. GSE / gcer mapping helps students monitor their progress and see the relevance of what they are learning.
