Orchards are found ransacked, prized trinkets start disappearing and, worst of all, each morning after her mother leaves for work, Momo hears strange mumbblings coming from the attic of their home. Annoyed by these creepy goings-on and her mother's refusal to believe them, Momo embarks on a strange and supernatural adventure to discover the source of the mischief, which leads her to a trio of troublesome imps: the fatulent lizard Kawa, the childlike Mame and their hulking ogre leader Iwa. The film was written and directed by Hiroyuki Okiura and stars an ensemble cast featuring Karen Miyama, Yuka, Toshiyuki Nishida, Chō and Kōichi Yamadera. In A Letter to Momo, 11-year-old Momo Miyaura moves with her mother to a small island town after her father dies. When she arrives, she encounters three goblins that others cannot see who help her to cope with the loss of her father and the changes in her life. A Letter to Momo premiered at the 2011 Toronto International Film Festival in Toronto, Canada on September 10, 2011 and was released on April 21, 2012 in Japan. Plot Following the death of her father Kazuo, Momo Miyaura and her mother Ikuko travel from Tokyo to the Seto Inland Sea. Momo carries Kazuo's unfinished letter, which contains only the words "Dear Momo". At her mother's estate in Shio Island (汐島, Shiojima), they meet their relatives Sachio and Sae Sadahama, and Koichi, a postman and an old friend of Ikuko, who has always had a crush on her. Momo is devastated and misses Tokyo. In the attic, she opens a present containing a rare picture book about goblins and Yōkai, collected by Sachio's father. Three droplets from the sky enter Ikuko's estate and transform into yokai consisting of Kawa, Mame, and Iwa, the group's leader. When Ikuko begins to take nursing classes, Momo reads the book and begins to hear some strange sounds from the house. She is chased out of the estate by the yokai, only to encounter a young boy named Yota. Oblivious to the house's strange noises, Ikuko and Yota assume that it is safe. The next morning, she meets Yota and his sister Umi. The three meet up with his friends and swim under the bridge, but Momo decides not to and runs to a shelter during a thunderstorm. Iwa, Mame and Kawa reveal themselves, having stolen some fruit from around the island. Frightened, Momo runs back to Ikuko's estate and discovers that Sachio's orchard was ransacked. Sachio then tells Momo that the yokai were originally gods, but they were transformed as a punishment for breaking the divine laws. Momo attempts to prevent the yokai from stealing the local vegetables, only for Kawa to break Ikuko's mirror. Later, she and Ikuko argue, and Momo leaves. Shortly after, Ikuko suffers a near-fatal asthma attack while looking for Momo. Upon witnessing Ikuko being close to death, Momo realizes her mistake and asks the yokai to help look for a doctor on the other side of the island. However, the yokai decline and Momo leaves the house. Koichi and Yota pursue Momo, but she reveals her previous argument with Kazuo before his death and asks Koichi to help find the doctor. Meanwhile, the yokai realize they can escape punishment by allowing Momo and Koichi to cross over the newly completed bridge and find the doctor on the other side. The next morning, Momo writes a letter to her father thanking him as Ikuko recovers. Having completed their mission to protect Momo, Iwa, Mame and Kawa transform back into the droplets and return to the sky. That night, Momo and Ikuko reconcile during the *tōrō* nagashi and the two realize that Kazuo wrote that he was proud of her. She begins her new life with Yota and the other children by swimming under the bridge.
